

SINGAPORE

ENGINEERING 101 FOR NON-ENGINEERS

Friday-Sunday, 27-29 March 2009

Cinnamon Room, Level 5, Novotel Clark Quay, 177A River Valley Road

About this Course

This Course is organised in response to the excellent feedback and request for more in-depth sessions pursuant to the *Engineering 101 and Common Construction Disputes vs. Construction Challenges* papers presented at the 2008 Joint SCL-Law Society Annual Conference in 2008. It is aimed at Lawyers, Quantity Surveyors and any non-Engineers working in a construction-related profession, who want to learn more comprehensively the basics of engineering principles, construction projects, construction techniques and related challenges.

The 2.5-day Course comprises five modules tailor-made for non-Engineers, covering Construction Features, Construction Facts and Figures, Engineering principles, Construction Project teams and their role, Construction Execution and common Construction Disputes vs. Construction Challenges. The Course will enable participants to achieve some insights into the Singapore Construction Sector, including comparison to some overseas examples.

As a benchmark of knowledge acquired after this Course, a Certificate of Attendance from the SCL will be issued to all attendees who fully attend and successfully complete the Course.

Course Programme:-

Day 1* – Afternoon: Module 1 – Introduction to Construction, Building Features, and Facts and Figures about Construction

Day 2* – Morning: Module 2 – Engineering Principles – “How does it hold” and “how do they dimension it”?

Day 2 – Afternoon: Module 3 – Project Management – Who does what in a project team?

Day 3* – Morning: Module 4 – Construction sites and execution principles

Day 3 – Afternoon: Module 5 – Common construction disputes vs. Construction challenges

**The course starts on Friday at 2pm and Sat and Sunday at 9:30am. It ends at 6pm everyday. Tea breaks and lunch break are included.*

Workshop Leader:-

Ms. Audrey Perez - Head of Department QSE & Maintenance, Dragages Singapore Pte Ltd

Audrey Perez is a Civil Professional Engineer graduated from Ecole Special des Travaux Publics (ESTP) in Paris. She joined Bouygues, Dragages Singapore’s Mother Company in 1994. She was transferred to Singapore in 1995 where she worked on Construction Projects, from site engineer until project manager. She covered Procurement, Design, Tendering, Construction and hand-over of milestone projects for Dragages such as the Ritz-Carlton Hotel, The Fullerton Hotel, The Ladyhill-Limited Edition residences and several other projects. In 2004, she was called to join the management team to head two departments, Quality-Safety-Environmental and Completed Projects. In addition, she takes over cases from projects when technical and legal issues are interlinked to prevent disputes and reach a settlement. Lead auditor for Dragages, she audits as well for Bouygues Construction where her mission is to audit other subsidiaries and/or large overseas projects. Throughout her corporate work, she endeavors to participate intensively in several programs set up by the BCA and MOM, writes articles about construction technical and other aspect for them and speaks regularly in few of their training programs, courses and seminars. She speaks as well for HDB, PSB and WSHC. She writes for several publications of the construction sector too. In 2007, she successfully completed the NUS-Faculty of Law Graduate Certificate for International Arbitration. Audrey is a Fellow and Council Member of the SI Arb and Council Member of the Society of Construction Law. She participates actively in various committees to help bridge the gap between Construction Law and in-situ Construction challenges.
